

Prepare your Property for the 2024 Hurricane Season

At 5 Star we offer a variety of property maintenance services to help you prepare for the hurricane season.

Our Hurricane Preparation Services include:

Roof Inspections

Helping to ensure any necessary repairs are identified and dealt with well in advance of the hurricane season.

- Single-story: \$150 per hour
- Two-story: \$250 per hour

Gutter Clearance

Ensuring your gutters are free of any debris (leaves, branches etc.) to maintain proper water flow.

Tree Trimming

Reducing the risk of dead, loose or overhanging branches being swept away by the wind in storms which could cause damage to cars, sides of the house, power lines or even pose risk to nearby pedestrians.

Hurricane Shutter Check & Risk Report

Be sure that your shutters are ready for hurricane season with our comprehensive check & risk report.

Sandbag Installation

We get the sand, bag it and deliver it right to your doorstep!

Please note:

We kindly ask that you allow us 2 days ahead of a storm to carry out any works. This is to ensure we can complete the works in a careful, comprehensive and safe manner. However, we also understand that sometimes issues arise suddenly too. We do offer emergency maintenance services (additional costs can apply).
